

26 December 1978

MEMORANDUM FOR: National Intelligence Officer for Warning
FROM: Director of Central Intelligence
SUBJECT: Usefulness of I&W Memos

Having belatedly read the December I&W memos, I want to let you know how useful they are to me and what fine thinking I believe they represent. I'd appreciate your passing my sense of the usefulness of this effort to those who participate in it. I noted one of the groups commented that the participants themselves were finding them worthwhile sessions. I certainly do.
